

For over 70 years, the Alaska Hospital & Healthcare Association (AHHA) has served as a non-profit trade association representing Alaska's hospitals, nursing homes, and a growing number of healthcare partners across the continuum of care.

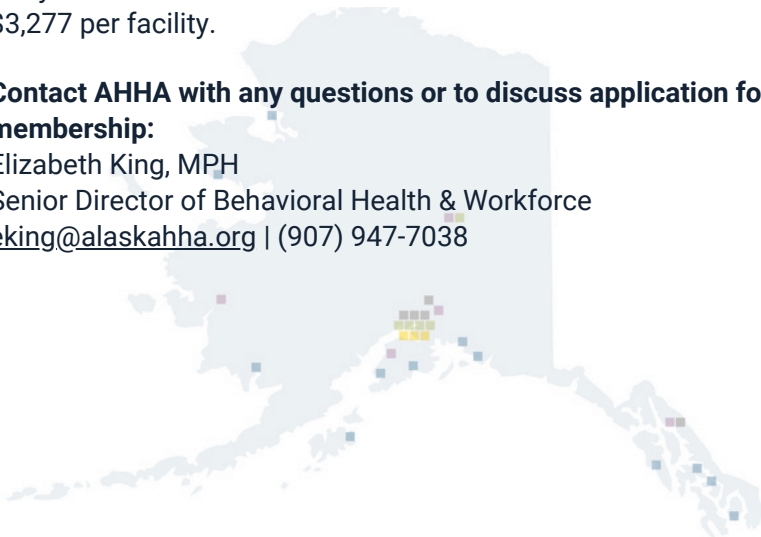

AHHA provides policy and advocacy expertise, leads and hosts opportunities for education and training, and brings together members and stakeholders for collaborative work to share data, resources, and best practices.

Our mission is to advance the shared interests of Alaska healthcare to build an innovative, sustainable system for all Alaskans.

Behavioral Health organizations eligible for membership with AHHA include facilities and provider groups that provide an array of behavioral health services in Alaska. Annual dues are \$3,277 per facility.
